4th ANNUAL NORTH AMERICA FORUM FOR INVESTING & PARTNERING IN BIOTECH AND MEDTECH

Market Overview

This is a leading international forum for those interested in investing and partnering in the biotech and medtech industries. Going into its 4th year, the meeting attracts over 450 of the brightest players in the industry year after year and provides prime executive level networking and deal-making opportunities in a luxury and relaxed environment.

The Forum is highly transactional, drawing together an exciting cross-section of listed and unlisted companies with leading investors, analysts and corporates. The event features executive roundtables, interspersed with presentations by mid caps, small caps, IPO-prospects and venture backed biotech & technology companies.

Themes in 2005 include:

- **Macroeconomic Demand Forecast: Global Themes for 2005**
- **Bio Partnering and Collaborations between pharmas and biotechs**
- **Venture Financing in 2005:** Trends, Fundraising, Investment, US vs. Europe, Corporate Venturing
- **Growth Company Presentations: Mid Caps, Small Caps & IPO-Prospects**
- **Growth Company Presentations: Venture Backed Companies**
