SACHS
ASSOCIATES

Sachs Associates Conferences

Presenting Opportunities for **Early- to Mid-Stage Tech & Biotech Companies**

Sachs Associates have a **global partnership with Bloomberg LP** to arrange large-scale investor conferences. Sachs-Bloomberg conferences are run in major financial centres including Boston, Frankfurt, London, Moscow, New York and Zurich and focus on emerging growth markets. We hold an annual meeting in January to which we invite a select audience of approx. 400 venture capital investors, industry representatives and emerging tech & biotech companies.

Presenting at the forum offers excellent opportunities to showcase your company to some of the leading global investors and corporates. It will offer you the opportunity to communicate your projected capital raising plans or simply to help you finding the right partner for your business. Sachs-Bloomberg conferences have a strong track record of successfully bringing together emerging growth companies and investors. In 2005, workshop themes will include

- ✓ **Software**
- ✓ **Security Technologies**
- ✓ **Life Sciences**
- ✓ **Wireless**
- ✓ **New Technologies**

In addition, the two day conference programme will give you access to some of the brightest players in the industry and will provide you with truly excellent networking opportunities.

Packages include the following:

- ✓ A **15 minute presenting** slot (20 January, approx. 11.00 – 13.00)
- ✓ **5 complimentary guest** passes for the entire meeting
- ✓ A **full page company profile** in the conference guide with details on the company, fundraising plans, management and technology
- ✓ **Listing on our website** www.sachsforum.com/fcast05_fs.html
- ✓ Sachs Associates assists in setting up **one-to-one meetings** with investors in private meeting facilities
- ✓ Exhibition space at the venue is available at an additional cost

Should you have any queries or wish to apply to present at the forum, please contact Hannah-Louise Cook on + 44 20 7405 5544 or hl@sachsforum.com or visit www.sachsforum.com/fcast05_fs.html.

We look forward to hearing from you.

Please note that applications are taken on a first come first served basis. Those received first are given prior consideration and the available slots are taken up quickly.
