

The platform to communicate company developments and expand European investor base

Conference Components

- Networking Luncheon
- Plenary Sessions
- Keynote Speakers
- Presentations
- 121 meeting facilities
- Cocktail Reception

Conference Background

The Precious Metals CEO Forum is a highly transactional investor conference for partnering and investing in the precious metals and mining industry.

This exclusive event brings together fund managers, broker analysts, investment bankers, private equity investors and private investors, with senior executives from precious metal mining companies, as well as leading industry consultants and service providers.

With financial media coverage featuring interviews with speakers and presenters, this event promises to give maximum exposure and publicity to the most influential and diverse range of professionals operating in the market today.

Sponsorship Benefits

Sachs Associates has developed extensive knowledge of the key individuals operating within the global precious metals mining industry. Sponsoring the event will increase the position of your company in this market.

Reasons to sponsor:

- Gain access to valuable networking. The event attracts **high-level investors** and **key decision makers**.
- **Exclusive** and focused, the event brings greater value to our sponsors.
- Reach out to hundreds of our high calibre audience of investors through **prominent exhibition space** in the main conference networking area or a plenary company presentation.
- The **121 meeting system** provides **face-to-face contact with potential business partners**
- Receive **international exposure through our extensive marketing campaign** and connections with the key publications in the industry.
